This surcharge will be invoiced by PKM Cochin ULC, payable in Canadian Currency.

SPECIFIC RULES AND REGULATIONS APPLICABLE ON TRANSPORTATION OF LIGHT CONDENSATE

The following shall apply in addition to the rules in FERC No. 75.18.0 and CER No. 290, or successive reissues thereof, respectively.

25. UNCOMMITTED JOINT RATE REQUIREMENTS

The Uncommitted Joint Rate set forth above is available to Shippers that deliver volumes to the Receiving Point which do not otherwise qualify for the Committed Shipper A, B or C Joint Rate or Committed Shipper B Volume Incentive Rate.

30. COMMITTED JOINT RATE A REQUIREMENTS

The Committed Rate set forth in the Table of Rates for Committed Shippers A (“Committed Shipper A Joint Rate”) is available to Committed Shippers that executed a T&D Agreement and Transportation Services Agreement (“TSA”) during the Open Season that ended on October 12, 2023 for a minimum guaranteed committed volume (“Committed Volume”), as set forth in such Committed Shipper’s T&D Agreement and TSA.

In the event that a Shipper fails to nominate and/or Tender during the Calendar Year a volume of Light Condensate equal to the product of the Committed Shipper’s Committed Volume multiplied by the number of days for which the T&D Agreement and TSA was in effect in such Calendar Year (“Minimum Annual Volume”), it shall nevertheless pay to the Carrier the Deficiency Fee, which fee shall be equal to the shortfall in the volume nominated and/or Tended multiplied by the then current Committed Shipper A Joint Rate, as applicable, unless such shortfall is due to Carrier’s inability to provide service or due to force majeure as set forth in more detail in the T&D Agreement and TSA. Whether or not nominations and Tenders meet the Minimum Volume requirement for the Calendar Year will be assessed relative to receipts during the Calendar Year.

Committed Shippers will be invoiced the Committed Shipper A Joint Rate, as applicable, only on volumes received up to their Minimum Annual Volume in each Calendar Year. Volumes received for a Committed Shipper in excess of such Committed Shipper’s Minimum Annual Volume in each Calendar Year will be invoiced at the otherwise applicable rate.

31. COMMITTED JOINT RATE B REQUIREMENTS

The Committed Rate set forth in the Table of Rates for Committed Shippers B (“Committed Shipper B Joint Rate”) is available to Committed Shippers that executed a T&D Agreement and Transportation Services Agreement (“TSA”) during the Open Season that ended on December 22, 2023 for a minimum guaranteed committed volume (“Committed Volume”), as set forth in such Committed Shipper’s T&D Agreement and TSA.

In the event that a Shipper fails to nominate and/or Tender during the Calendar Year a volume of Light Condensate equal to the product of the Committed Shipper’s Committed Volume multiplied by the number of days for which the T&D Agreement and TSA was in effect in such Calendar Year (“Minimum Annual Volume”), it shall nevertheless pay to the Carrier the Deficiency Fee, which fee shall be equal to the shortfall in the volume nominated and/or Tended multiplied by the then current Committed Shipper B Joint Rate, as applicable, unless such shortfall is due to Carrier’s inability to provide service or due to force majeure as set forth in more detail in the T&D Agreement and TSA. Whether or not nominations and Tenders meet the Minimum Annual Volume requirement for the Calendar Year will be assessed relative to receipts during the Calendar Year.

Committed Shippers will be invoiced the Committed Shipper B Joint Rate, as applicable, only on volumes received up to their Minimum Annual Volume in each Calendar Year. Volumes received for a Committed Shipper in excess of such Committed Shipper's Minimum Annual Volume in each Calendar Year will be invoiced at the Volume Incentive Rate.

32. COMMITTED JOINT RATE C REQUIREMENTS

The Committed Rate set forth in the Table of Rates for Committed Shippers C ("Committed Shipper C Joint Rate") is available to Committed Shippers that executed a T&D Agreement and Transportation Services Agreement ("TSA") during the Open Season that ended on March 31, 2026 for a minimum guaranteed committed volume ("Committed Volume"), as set forth in such Committed Shipper's T&D Agreement and TSA.

In the event that a Committed Shipper fails to nominate and/or Tender during the Calendar Year a volume of Light Condensate equal to the product of the Committed Shipper's Committed Volume multiplied by the number of days for which the T&D Agreement and TSA was in effect in such Calendar Year ("Minimum Annual Volume"), it shall nevertheless pay to Carrier the Deficiency Fee, which fee shall be equal to the shortfall in the volume nominated and/or Tendered multiplied by the then current Committed Shipper C Joint Rate as applicable, unless such shortfall is due to Carrier's inability to provide service or due to force majeure as set forth in more detail in the T&D Agreement and TSA. Whether or not nominations and Tenders meet the Minimum Annual Volume requirement for the Calendar Year will be assessed relative to receipts during the Calendar Year.

Committed Shippers will be invoiced the Committed Shipper C Joint Rate, as applicable, only on volumes received up to their Minimum Annual Volume in each Calendar Year. Volumes received for a Committed Shipper in excess of such Committed Shipper's Minimum Annual Volume in each Calendar Year will be invoiced at the otherwise applicable rate.

35. VOLUME INCENTIVE RATE REQUIREMENTS

The Volume Incentive rate set forth in the Table of Rates for Committed Shippers B ("Volume Incentive Rate") is available to Committed B shippers that executed a T&D Agreement and TSA during the Open Season that ended on December 22, 2023. Such Committed Shippers will be invoiced the Volume Incentive Rate only on volumes received during the Calendar Year which are in excess of their Minimum Annual Volume.
